

New Year - New Service - New Growth

Expect to grow in the New Year...

See you there!

Leadership has responded to the requests from members for new opportunities to grow spiritually here at Peace Presbyterian Church. An Education Hour has, therefore, been created so that all members can meet to grow through Study and Worship!

In January

Sunday Worship begins with the **Education Hour** at 9:00 AM
and **Corporate Worship** at 10:15 AM.

This means that everyone will have the opportunity to Worship together including our volunteer Sunday School Teachers! The Education Hour will offer classes for adults, youth, and children and will provide nursery care. Before Corporate Worship begins healthy snacks will be offered for hungry kids and hot beverages for the adults. Fellowship with full hospitality's fare will still be offered after Corporate Worship.

There will also be a **Children's Church** Worship Service so that Preschoolers through 6th Graders can experience worship at their level: children will still begin worship with the adults and Children's Church will commence immediately after the regular Children's Message.

Since Children's Church will be an actual age-appropriate worship service, you can volunteer to be the "Worship Assistant" for:

Corporate Worship

read the Scripture selection and the Assurance of Pardon aloud.

Children's Church

lead songs, the Bible story, or prayer, or just be there to assist little ones to follow the Worship Leader.

Soon you will have the opportunity to tell leaders what Bible Studies and topics you would like offered for the Education Hour and for Home Study Groups by filling out the "***Interests Survey for Spiritual Growth***" which lists some options for Adult, Children and Youth studies as well as options for meeting times.

Pray about it now so that you will be ready to share your ideas and gifts with your congregation.
